Fallout Enemies

50 new enemies and 127 workbook enemies with factions assigned. All of these are in the app. New enemies' skills and SPECIAL are built from the workbook's own templates. Workbook test rows are left out of this list. A dash under Caps means none. People's HP, AP and DT come from their SPECIAL and tier, while creatures have fixed numbers.

Skills: BAR Barter, EW Energy Weapons, EXP Explosives, SG Small Guns, BG Big Guns, LPK Lockpick, MED Medicine, MW Melee Weapons, REP Repair, SCI Science, SNK Sneak, SPE Speech, SUR Survival.
